

expertise...

We have assisted and supported clients from a variety of sectors whether individuals, public or private bodies. Our approach often begins with strategic advice to determine the key objectives and desired results, which are then taken through to project completion and further to facility management, if required.

Our expertise is in defining our clients objectives and working with the project team to create exciting and profitable solutions. We have extensive experience across a number of development sectors and of a variety of procurement approaches.

SECTOR EXPERIENCE

- > Master Planning + Regeneration
- > Sports + Leisure
- > Education + Health
- > Residential
- > Commercial + Retail
- > Community + Religious

PROCUREMENT EXPERIENCE

- > Traditional, Design + Build, Construction Management
- > PFI, PPP
- > Strategic Partnering
- > Joint Ventures
- > Working with local Authorities

...expertise

Funding is often the key to a successful project. Drawing on our history of working with relevant organisations and our consistent record of achievement we are able to advise our clients on who to approach and how to attract their support.

Acquiring funding is often dependant on having the support of a community, understanding the context of a development and exceeding expectations.

We understand the criteria and have developed techniques to be successful in approaching:

- > Sports Council England
- > Government Agencies
- > Local Authorities + Public Organisations
- > Councillors + Local Authority Officers
- > Public Consultation with Residents, Residents Groups + End Users
- > People with Disabilities
- > Historic/ Listed Buildings And Conservation Areas, English Heritage, CABE...
