## introductions

FWP works with people who strive to achieve the best value from their property whether by new development, relocation or refurbishment. We are a solutions driven organisation that has consistently delivered successful results that have led to lasting and reliable relationships with clients, consultants and contractors.

To achieve this we have developed a multidisciplinary business inspired by our clients to meet their needs. Our clients benefit from the diverse backgrounds of our highly qualified professionals, who are experienced in Architecture and Design, Structural and Civil Engineering, Cost, Project and Construction Management, Strategic Advice, Interior Design, Construction Investment Feasibility, Building Surveying and Planning Supervision.

Building the right team around a project to deliver its full potential is vital and we have developed strong working relationships with likeminded consultants that benefit our clients and best realise their aspirations.

With over 40 years of experience and offices in Manchester, Preston, Doncaster and London, we are committed to executing exceptional solutions in every aspect of a project's implementation.
